WELL THE “Toys for Tots” fun-fly for this year is now history. We did well for having so short a memory laps. We, Ha! It was my memory that lapsed. I woke up the Wednesday before and discovered that the funfly was only three days away. Knowing that my bestest buddy wasn’t going to be able to be there just made it worse. I know next time if my friend can’t make it, I ain’t neither. Ha! Ha! We did do allright tho. We gave the Marine Corps Reserve \$380 and a huge overflowing box of toys. We

registered 25 pilots, and received several donations from the spectators.

It is also time for the changing of the Guard in our club. It is hard to understand how it is possible to continue the tradition of filling a pair of shoes that get bigger every year. especially beyond the last two years under the vary capable leadership Wayne and his staff has given us, and now we have a new regime that will have to try and fill those shoes. Doug, and Don, and Linda, and John need the same respect and attention that we gave Wayne and any other of the Presidents that has held the reins of this prestigious club.

Two years ago we were flying fat dumb and happy one day, and the next we didn't have a flying field. Wayne with his expertice took the bull by the horns and put us on a field that would have made even Dave Brown proud and happy. (You do know who Dave Brown is, ----- our AMA President.) Under Waynes most capable direction, "We've come a long way baby."

Now it's Doug's turn. He has some mighty big shoes to fill. (Size 18 EEEE) So let's see if we can't give him and his staff the same support we gave Wayne. Let's keep this club on top. Let's help make it the best, bar none. If we all pull together -----

To update you on Billy. He is home and improving steadily. He still has to go to rehab, but he is home for the duration. PTL I'll not reiterate what I read in the last E-Mail from Mac, but he still needs our thoughts and prayers. Why not send him an encouragement card, or two, or three?

Send them to: Billy Hodges
294 Marshall Dykes Rd.
Americus, GA 31709

PHOOD FOR PHUNNYBONES

CHILDHOOD: That time of life when you make funny faces in the mirror.

MIDDLE AGE: That time of life when the mirror gets even.

"Now Jim," said the doctor, "as I have repeatedly told you, time, after time, after many thorough examinations, there is absolutely nothing wrong with your heart. Please stop worrying about it. If it will make you feel better, I will personally guarantee that your heart will last as long as you live!"

I used to worry about what people were thinking about me. Then I realized they weren't thinking about me at all. Instead, they were worrying about what other people were thinking of them.

Finally, a great big "THANK YOU Mac" for the support you give to our club. We appreciate all you do for us.

"THANK YOU"
