

OFFICIAL NEWS FROM THE DIXIE AEROMASTERS

SEPTEMBER 2007 EDITION

AN AMA GOLD LEADER CLUB

*******NEXT MEETING:*******

OCTOBER 15th “PICADILLY CAFETERIA,” 7PM, IN THE MACON MALL. Enter the parking spaces East of PENNEYS and come back West to the Picadilly Entrance. If you want to eat and fellowship be there early (6PM ish) This is the only chance to get first hand info on Your Dixie Aeromasters Club Functions. YOUR PRESENCE COUNTS, So MAKE it COUNT!!! BE THERE!!!

“NOTICE” LAST CALL

I have the new (properly embroidered) Shirts, and I will give those that purchased the old (improperly embroidered) shirts until after the meeting to make arrangements to swap them out or at that time, what is left will be sold to first come first served. I cannot hold them any longer than that. This is final for whatever that means.

DIRECTIONS TO THE FIELD:

Going North toward Gray, or South from Gray, on the Gray Highway, (GA St 129) watch for the new Traffic Light at LITE-N-TIE road. There is an Exchange Bank on the Southeast corner. Turn East onto LITE-N-TIE Road. Go about 1.5 miles to OVERLAND WAY and turn left. The field will be on the right. (0.9 mile)

FROM THE SQUARE OFFICE

The Voice of Your President

Greetings all:

Well the clock is ticking and the time for the changing of the guard is nearing.

I want all of you to know you have bestowed an honor upon me for the last two years I will always cherish.

I have truly enjoyed working for the club, and the friends I have made are the type of friends one keeps for life.

I will never forget the first time I walked into Hodges Hobbies and was attacked by the bug. Mac recommended I find the Dixie Aeromasters field and just introduce myself. He guaranteed me the people would be friendly and helpful. Truer words were never spoken. The Dixie Aeromasters are truly a group of great people that are passionate, helpful and friendly.

Now, unfortunately my last article has to address one or two things that have bothered me and I feel it necessary to let it out, so to speak.

As you all know we had no control over loosing our old field. We had to have a new place to fly or we would have to disband and be adsorbed by other clubs. I feel we were fortunate to get the field we now have and I feel it has the potential to

be just as good if not better than the old one. Those out there that have complained about the location, well I have to ask, why are we not flying on the field you found? I know golfers, hunters, fishermen, and old ladies that quilt that drive an hour or more to participate in there hobbies.

We have a wonderful place to fly, Where are you on the weekends? We have five or six what I would call active flyers there on the weekends. We actually have more spectators than pilots a lot of the time.

As usual, in any group, business, club, organization, or whenever there is a gathering of people, there will be those that oppose ideas, rules, regulations, policies, management, leaders, or those that try to manage or organize. There will always be those that criticize, and have a better way of doing things, gripe at what is being done and how it is being done, but, will not step up and take on the task or responsibility to do it the way they think it should be done. To those that have that quality, I ask your forgiveness for not always doing what you thought should be done, but I also ask why did you not step up and do it yourself or at least voice your opinion before the task was performed then criticize those that did it or the way it was done.

Participation, there are a lot of members that I cannot thank enough for there help and support. There are real workers out there. People that show up every time there is a work day or whenever there is a task that is to be performed. To those, and you know who you are, the club could not exist without you.

I would like to say I think we have the best News Letter of any club I can find on the Internet and believe me I have checked out a lot of them. Bob, I single you out and thank you from the bottom of my heart for your help. Not only with the News Letter but for your prior experience, recommendations and guidance when asked.

Our October meeting is an important one. We nominate officers for the upcoming year. This is your opportunity to step up to the plate. Drive the bus to the final destination without wrecks, or breakdowns. Nominate the people that will help this club grow. I look forward to seeing all of you there. This club has unlimited potential, with the right people at the wheel, it can go further than one can imagine.

Again, I thank you for the honor you have bestowed upon me of serving you as your president,

Wayne
